

DIRECT AUTH-CODE REQUEST – DOMAIN OWNER

- Complete and sign the declaration, indicating in legible block letters all the required items
- If the domain is assigned to a company or sole proprietorship, sign and stamp with the name of the legal representative
- Send request and documentation via Customer Area (only in .pdf or .jpg format).

I, the undersigned

as legal representative of the company
VAT....., as Owner of the domain name

as direct owner of the domain name
(specify the domain name)

requests the submission of the auth-code of the above-mentioned domain name

<input type="checkbox"/>	to the current e-mail address of the assignee (Registrant) of the domain name.
<input type="checkbox"/>	to the new e-mail address of the Assignee (Registrant) of the domain name indicated below IMPORTANT: - <i>The entry of a new e-mail address in the preceding section results in a change of the e-mail address of the Allottee (Registrant) in the domain registration data.</i> - <i>For gTLD extensions, the Registrant acknowledges that following the update operation, the domain in question, if gTLD, will be placed in Transfer Lock status (a status that prevents transfers of the domain to another Registrar) for a period of 60 days. Therefore, the Registrant declares that it is aware of the fact that if it intends to transfer the domain to another Registrar, it will have to perform the data update operation after having made the transfer to another provider, in order to avoid the Transfer Lock Period.</i>

The undersigned declares that he/she has read and accepted the Terms of Service (available at the link <https://web.swizzonic.ch/company/legal/>) and Swizzonic AG's privacy policy (available at the link <https://web.swizzonic.ch/company/legal/informativa-privacy/?lang=en>)
